UTILIZATION OF SOCIAL SERVICES

AY/Alternatives for Youth
Big Brother Association of Hamilton and District
Catholic Children's Aid Society of Hamilton-Wentworth
Catholic Social Services of Hamilton
Chedoke Child and Family Centre
Child and Adolescent Services
Children's Aid Society of Hamilton-Wentworth
Dundurn Community Legal Services
Elizabeth Fry Society
Family Services of Hamilton-Wentworth, Inc.
Hamilton and District Extend-A-Family
John Howard Society of Hamilton
McQuesten Legal and Community Services
Meals-on-Wheels
St. Matthew's House
Victorian Order of Nurses
Visiting Homemakers of Hamilton-Wentworth, Inc.

UTILIZATION OF SOCIAL ASSISTANCE

Family Benefits Allowance
General Welfare Assistance

METHODOLOGY

In assembling the data contained in this report, the following steps were taken:

1. the agency was contacted to outline the nature of the coding exercise and generally determine whether a sufficient data data base existed to permit the coding of the caseload. Staff then held a preliminary meeting at the agency to describe, in detail, the process and needs for coding.

2. once all issues of agency concern were resolved (e.g. confidentiality), staff arranged to review all agency clients; addresses for a given time period.

3. the clients' addresses only were then 'geocoded' by planning neighbourhood to provide a count of the number of cases in each neighbourhood. ('Geocoding' is simply a process of assigning a particular address to the planning neighbourhood in which it is located. A street address index is used for this purpose.)

4. once all agency cases were coded (using a pre-set coding sheet), the total number of cases per planning neighbourhood was determined.

5. finally, a table (as contained in this report) was developed which listed the name of each neighbourhood, the number of clients and population in the area and the utilization rate per 1,000 population.

The tables presented in this document contain:

1. a Neighbourhood Number and Neighbourhood Name - from the Planning and Development Department of Hamilton-Wentworth.

2. the 1982 Population for the neighbourhood - from the Planning and Development Department of Hamilton-Wentworth. (Most current figures available have been used. Note that some data for 'Social Assistance' uses 1980 population figures.)

3. the total No. of Clients per planning neighbourhood - as recorded by staff from the agency's record.

4. a Utilization Rate Per 1,000 Population for each neighbourhood and area municipality - calculated according to the following formula:

$$\frac{\text{No. of Clients}}{\text{1982 Population}} \times 1{,}000 = \text{Utilization Rate per 1,000 Population}$$

From this calculation, the use of services in each neighbourhood can be equally compared.

USE OF DOCUMENT

To use this document simply follow the instructions below:

1. Turn to the 'Neighbourhood Name and Number Reference' map on the following page;

2. Identify the name(s) of the planning neighbourhood(s) which correspond to your geographic area of interest; and,

3. Turn to the data sheets in the text for the appropriate agencies of interest and identify your area.

It is often usefull to compare the utilization rate of your area of interest to that of the City or Region (as a 'benchmark').

Please note the following about the tables in this report:

1. Cases - not all programs/clients have been coded for each agency. Please note the listing under 'cases' at the top of each agency data set for the type of cases coded.

2. Dates - please note the year for which each agency coding took place (at the top of the page). Not all agency caseloads were from the year 1982.

3. Population - all utilization rates in this report were calculated using 1982 neighbourhood population statistics as a base. The only exception is the Family Benefits Allowance caseload - in this instance, 1980 population figures are the base.

TOTAL:	City of Hamilton	306,853	7,129	23.23

* Please note that 251 of the 422 (59.48%) F.B.A. cases in the Corktown neighbourhood gave as their address the Ontario Ministry of Community and Social Services formerly at 100 Main Street East, Hamilton. These recipients, although many or most did not reside in the Corktown area, received their cheques at the Ministry Office.

Thus, the remaining 171 of the 422 (40.52%) F.B.A. cases should be considered the actual number of recipients residing in the Corktown neighbourhood. This would mean that the utilization rate per 1000 population in the neighbourhood would be 26.84.

**Please note that 48 of the 61 (78.69%) F.B.A. cases in the Mountview neighbourhood resided in the Chedoke Continuing Care Hospital, Box #2, Hamilton. The remaining 13 of the 61 (21.31%) F.B.A. cases resided in other parts of the Mountview area.
